

Leaf

A modest design, that matches with all our basins. At Not Only White we aim to keep it simple. But always distinctive. This is how our Leaf tap series was born.

● Stainless steel

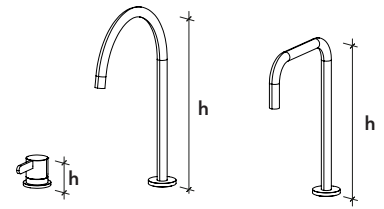

What makes this design appealing is the 5cm long lever with rounded grip for easy use. The deck mounted mixer is flexible when it comes to its position on the surface.

The shape of the lever is inspired on the leaves of the Pagoda tree.

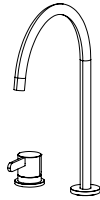

design by Marike Andeweg

Specifications

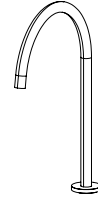

- deck mounted spout with 1/2" fitting
- deck mounted single lever basin mixer with 3/8"GAS warm and cold water fitting
- available as separate items or in sets
